

# Insights in 150d LinkedIn

- Own Engagement is key.  
It drives the engagement on my content
- Impressions start to increase
- Reached new high scores with  
202 comments and 114 likes
- 5 posts in my top 10 of all times  
are from recent posts!

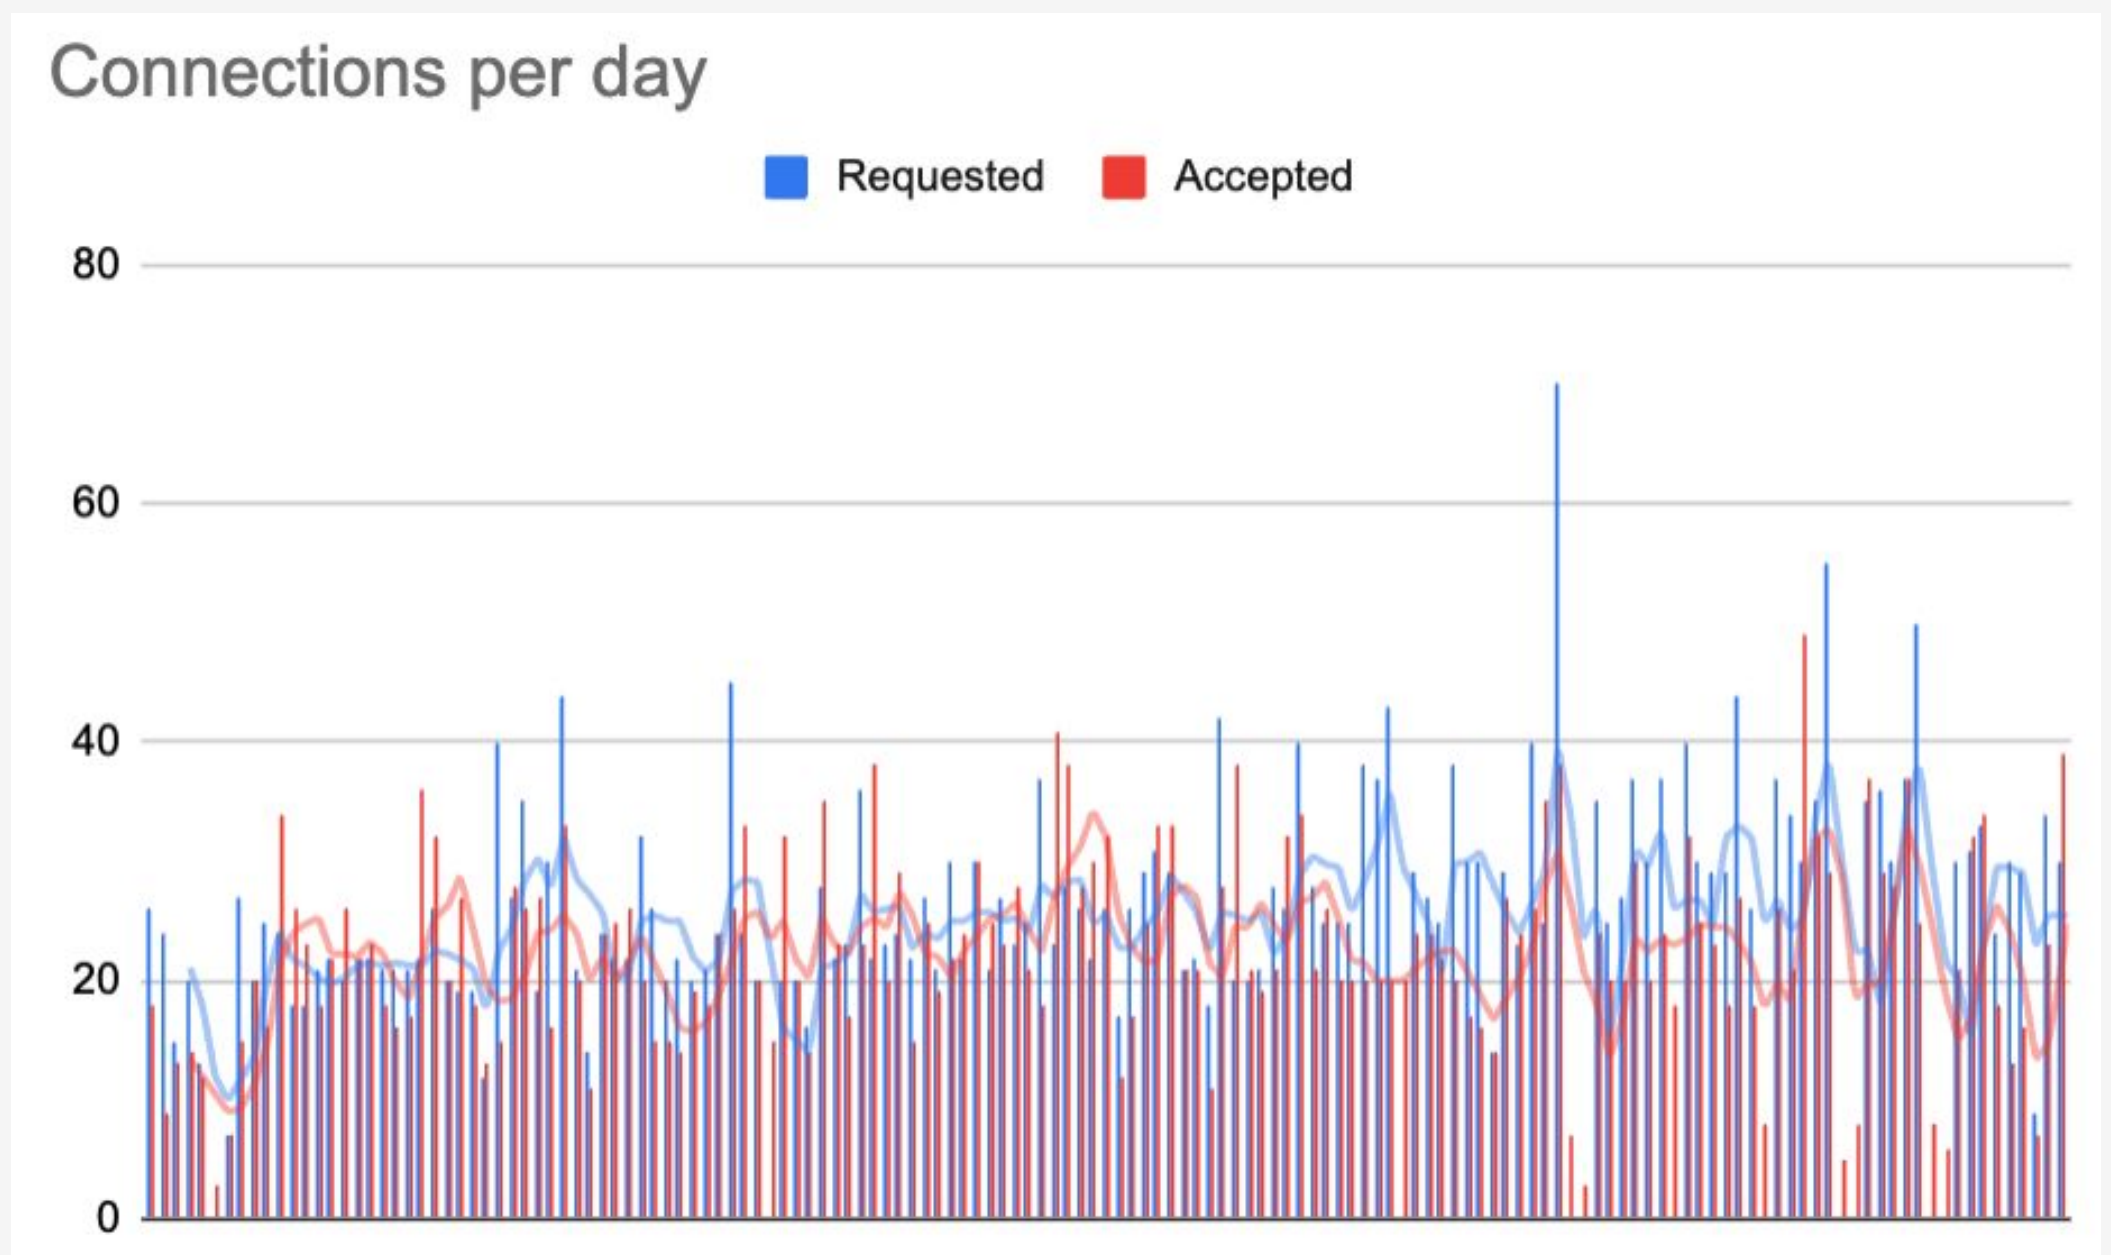

# About **26.3 followers/day**

- I use the **max connections** per week
- For me it as about 180-190 requests
- About **81% accept** a request

# 27 Connection requests per day

- Consistency in my requests
- I usually reach the request limit on Friday's

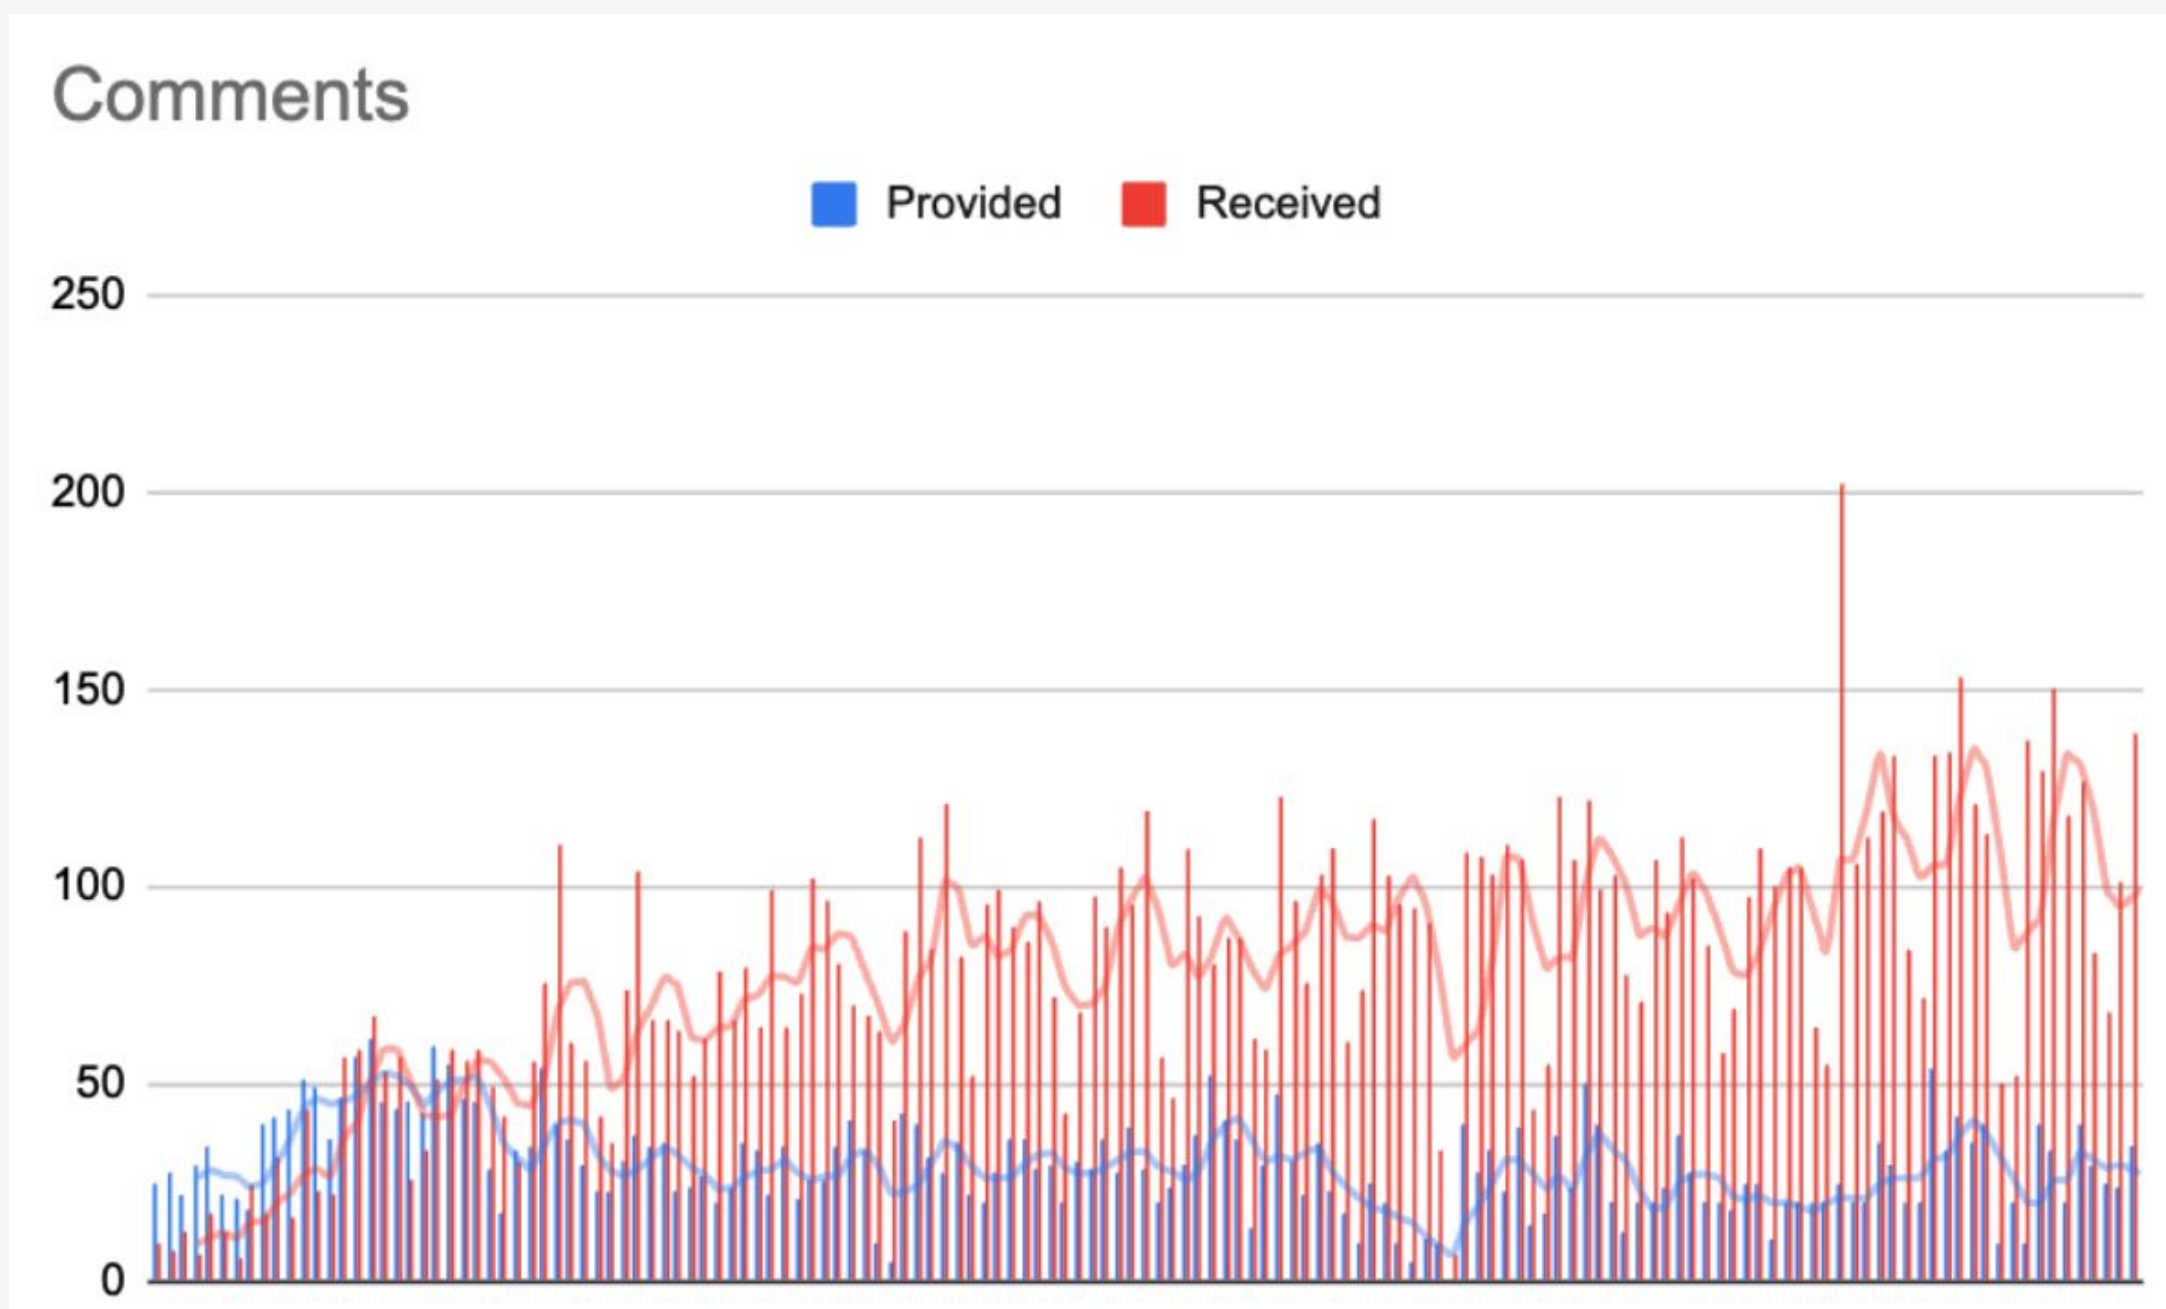

# Comments from near zero before to 100/day

→ about **2h commenting** each day

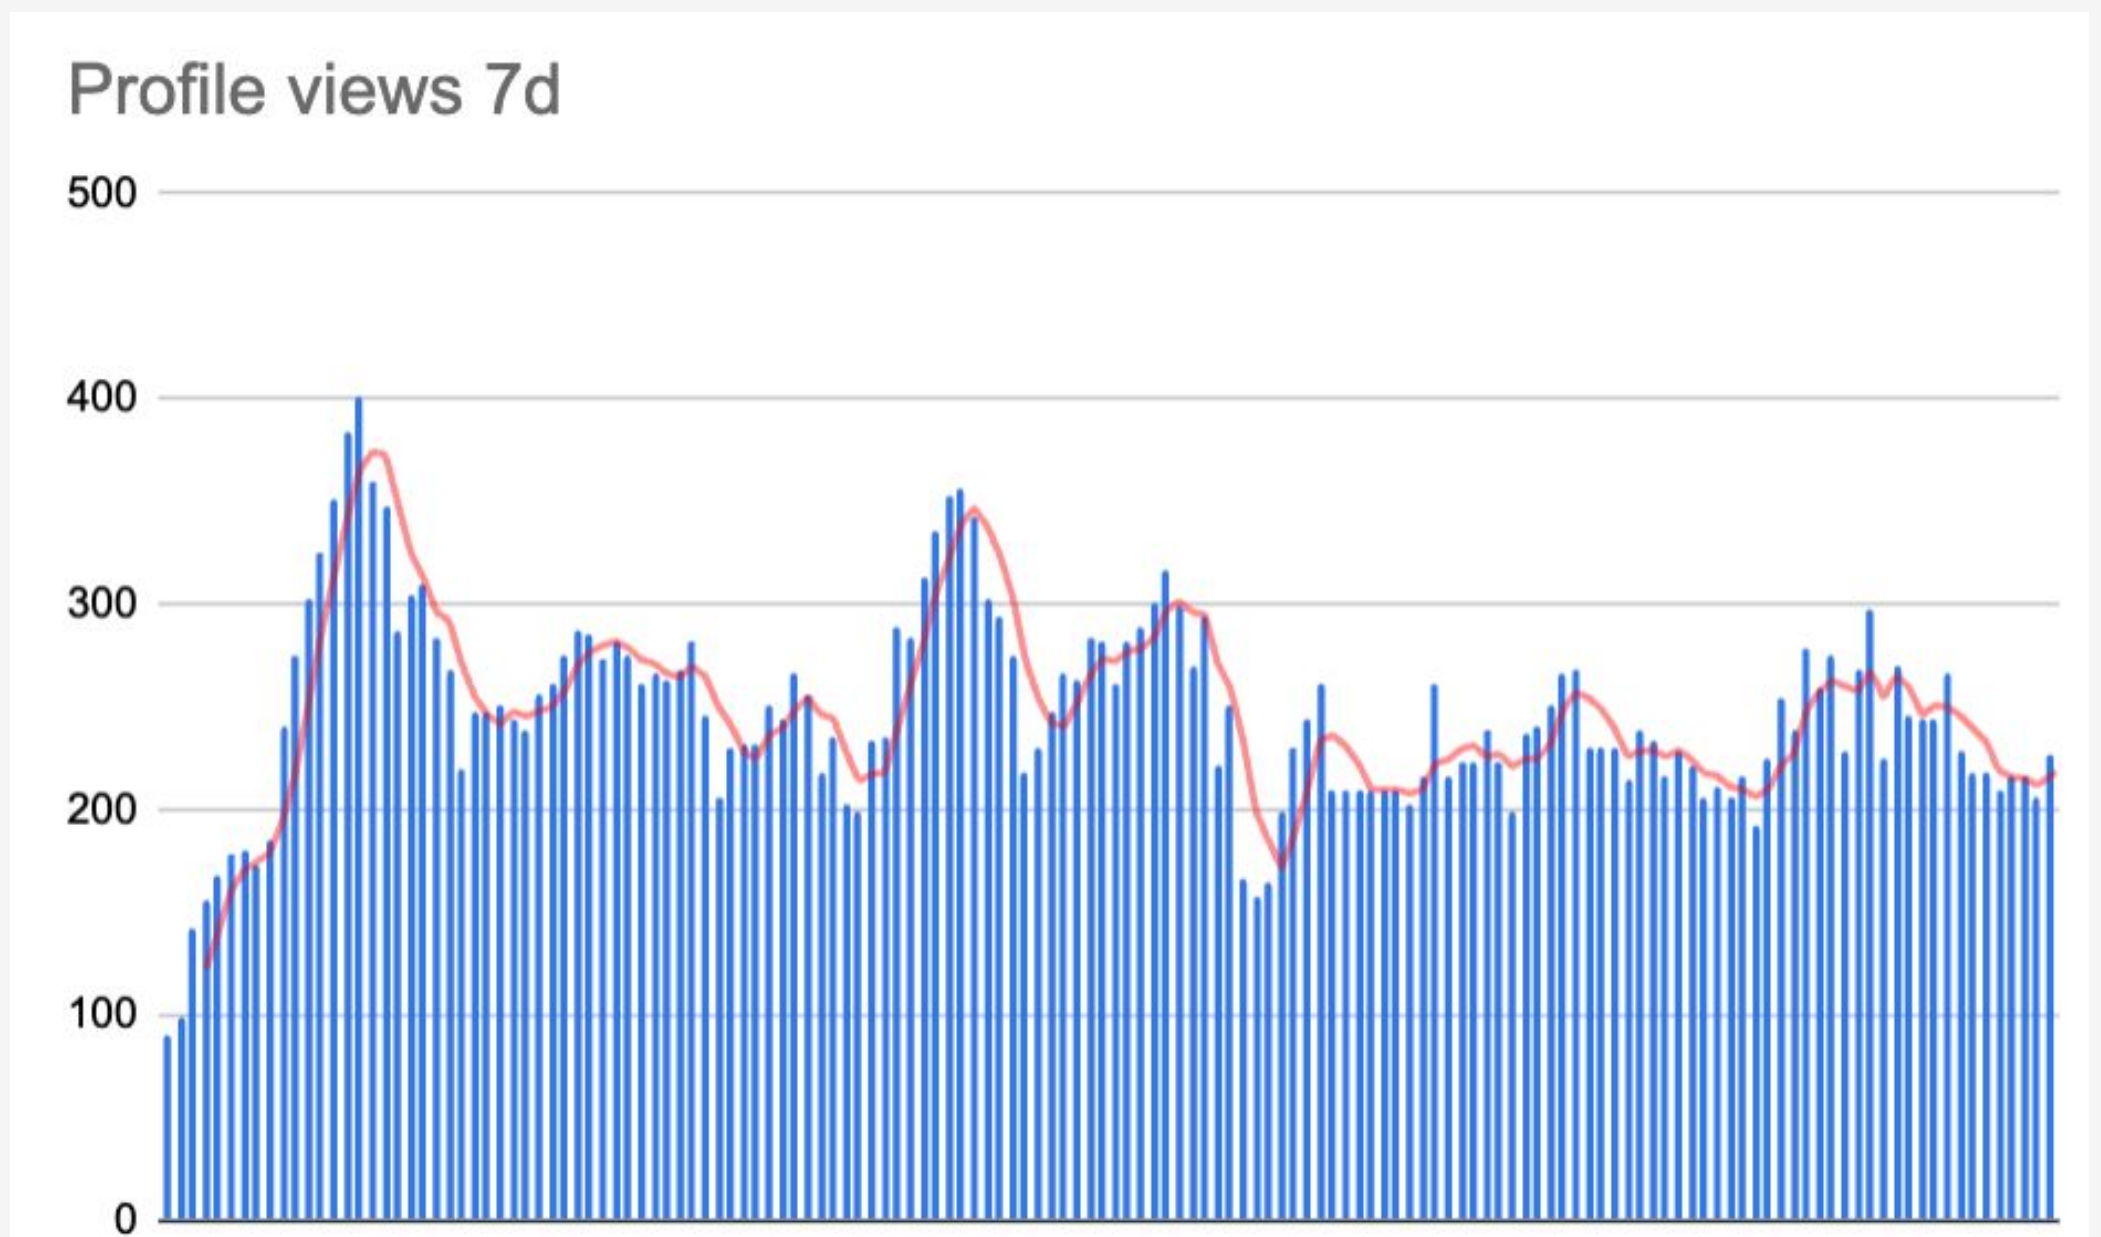

(Can't scale this. Or need to cheat)

→ steady increase in comments I receive

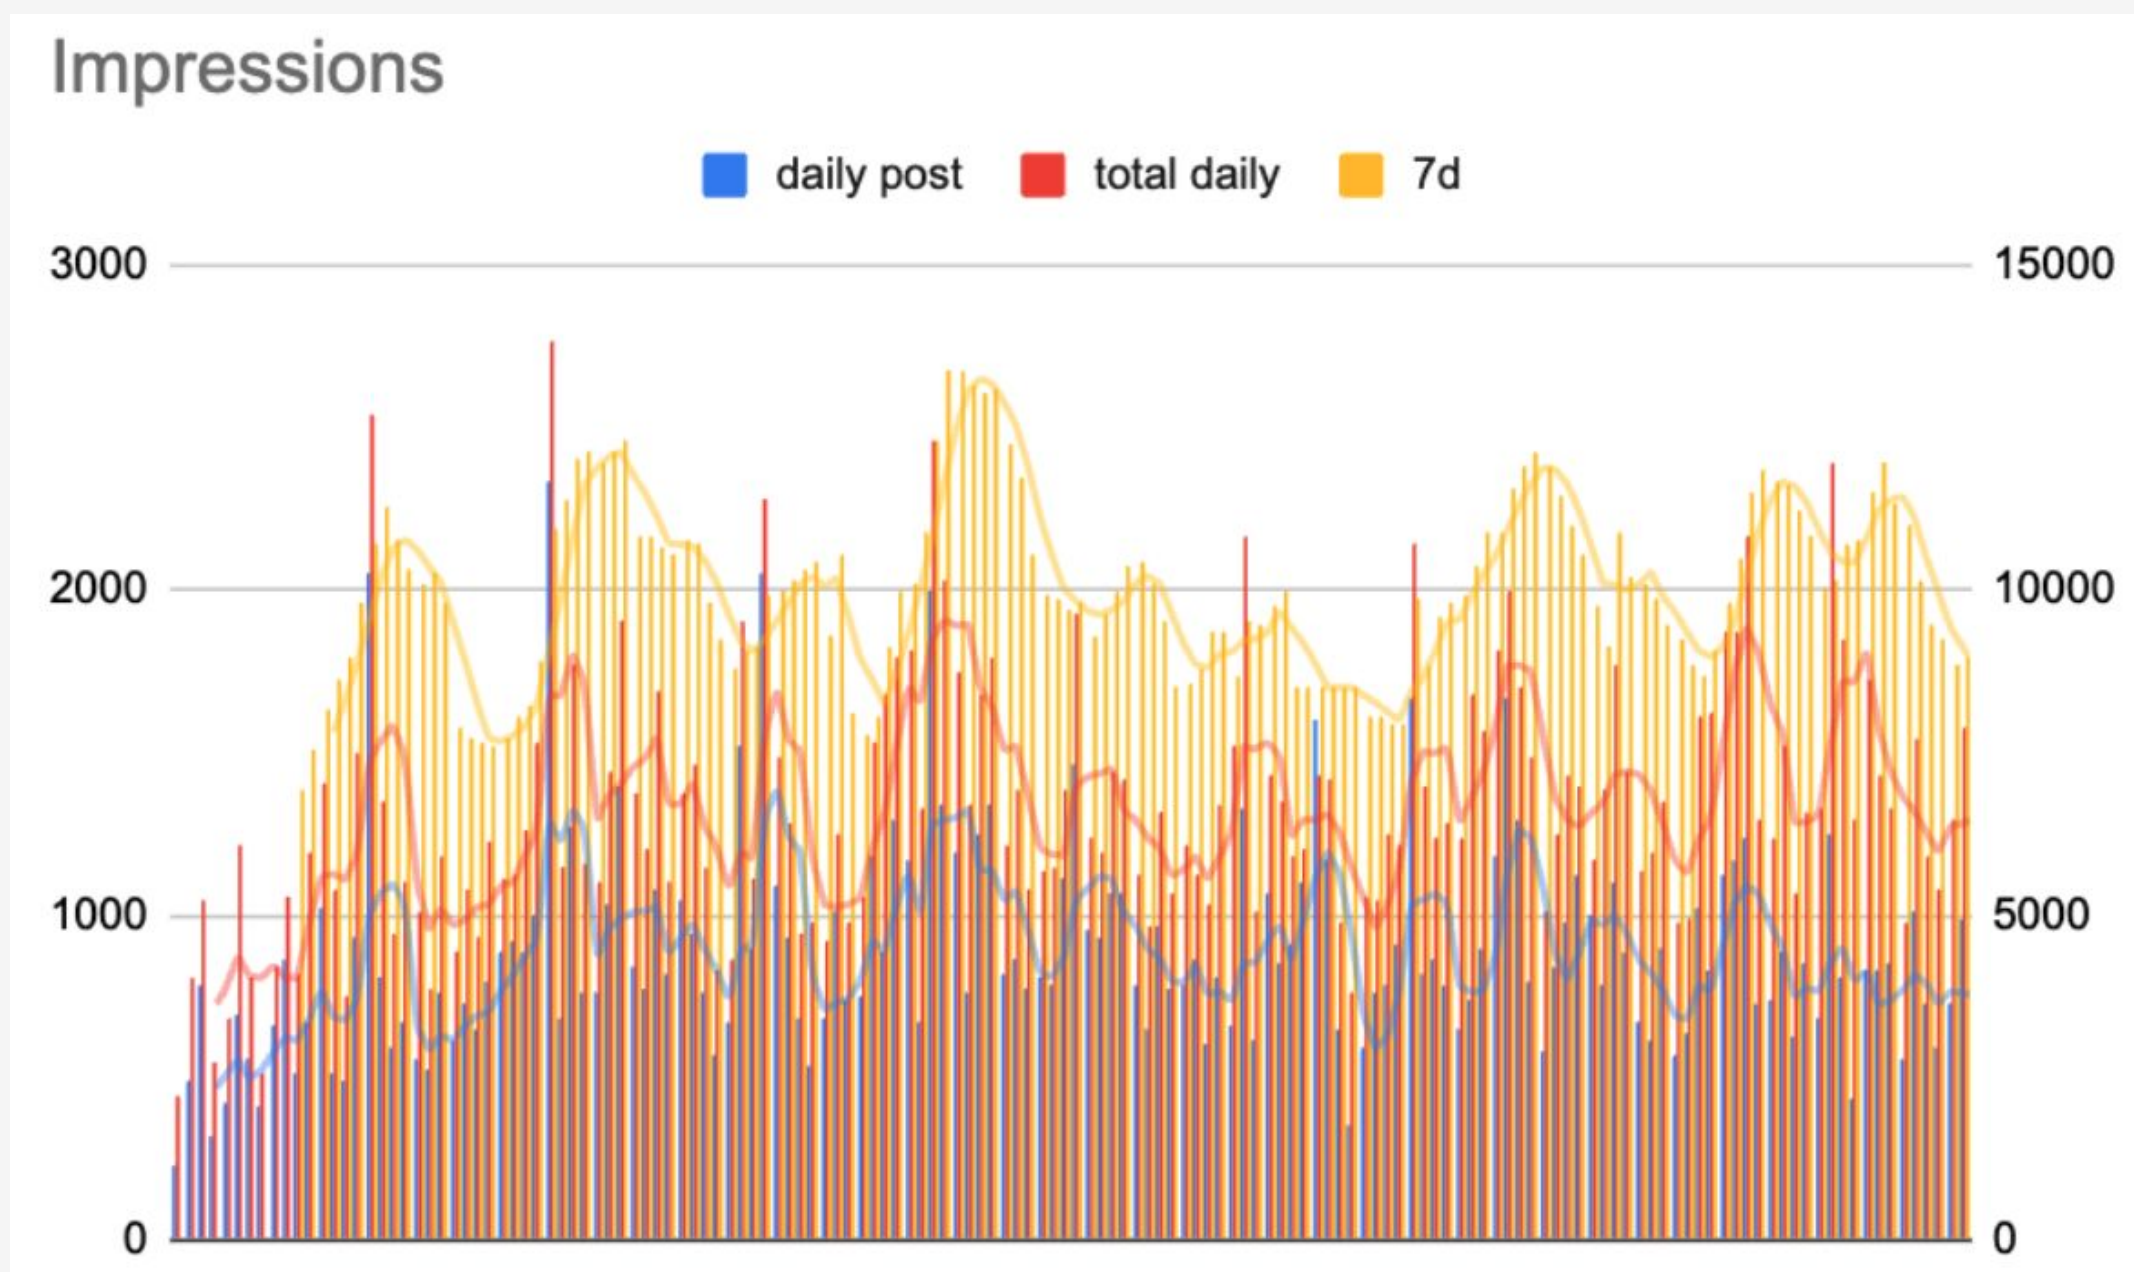

# Profile views at 231/7d

- Profile views stable
- I do not actively ask for that

# Impressions slightly increase.

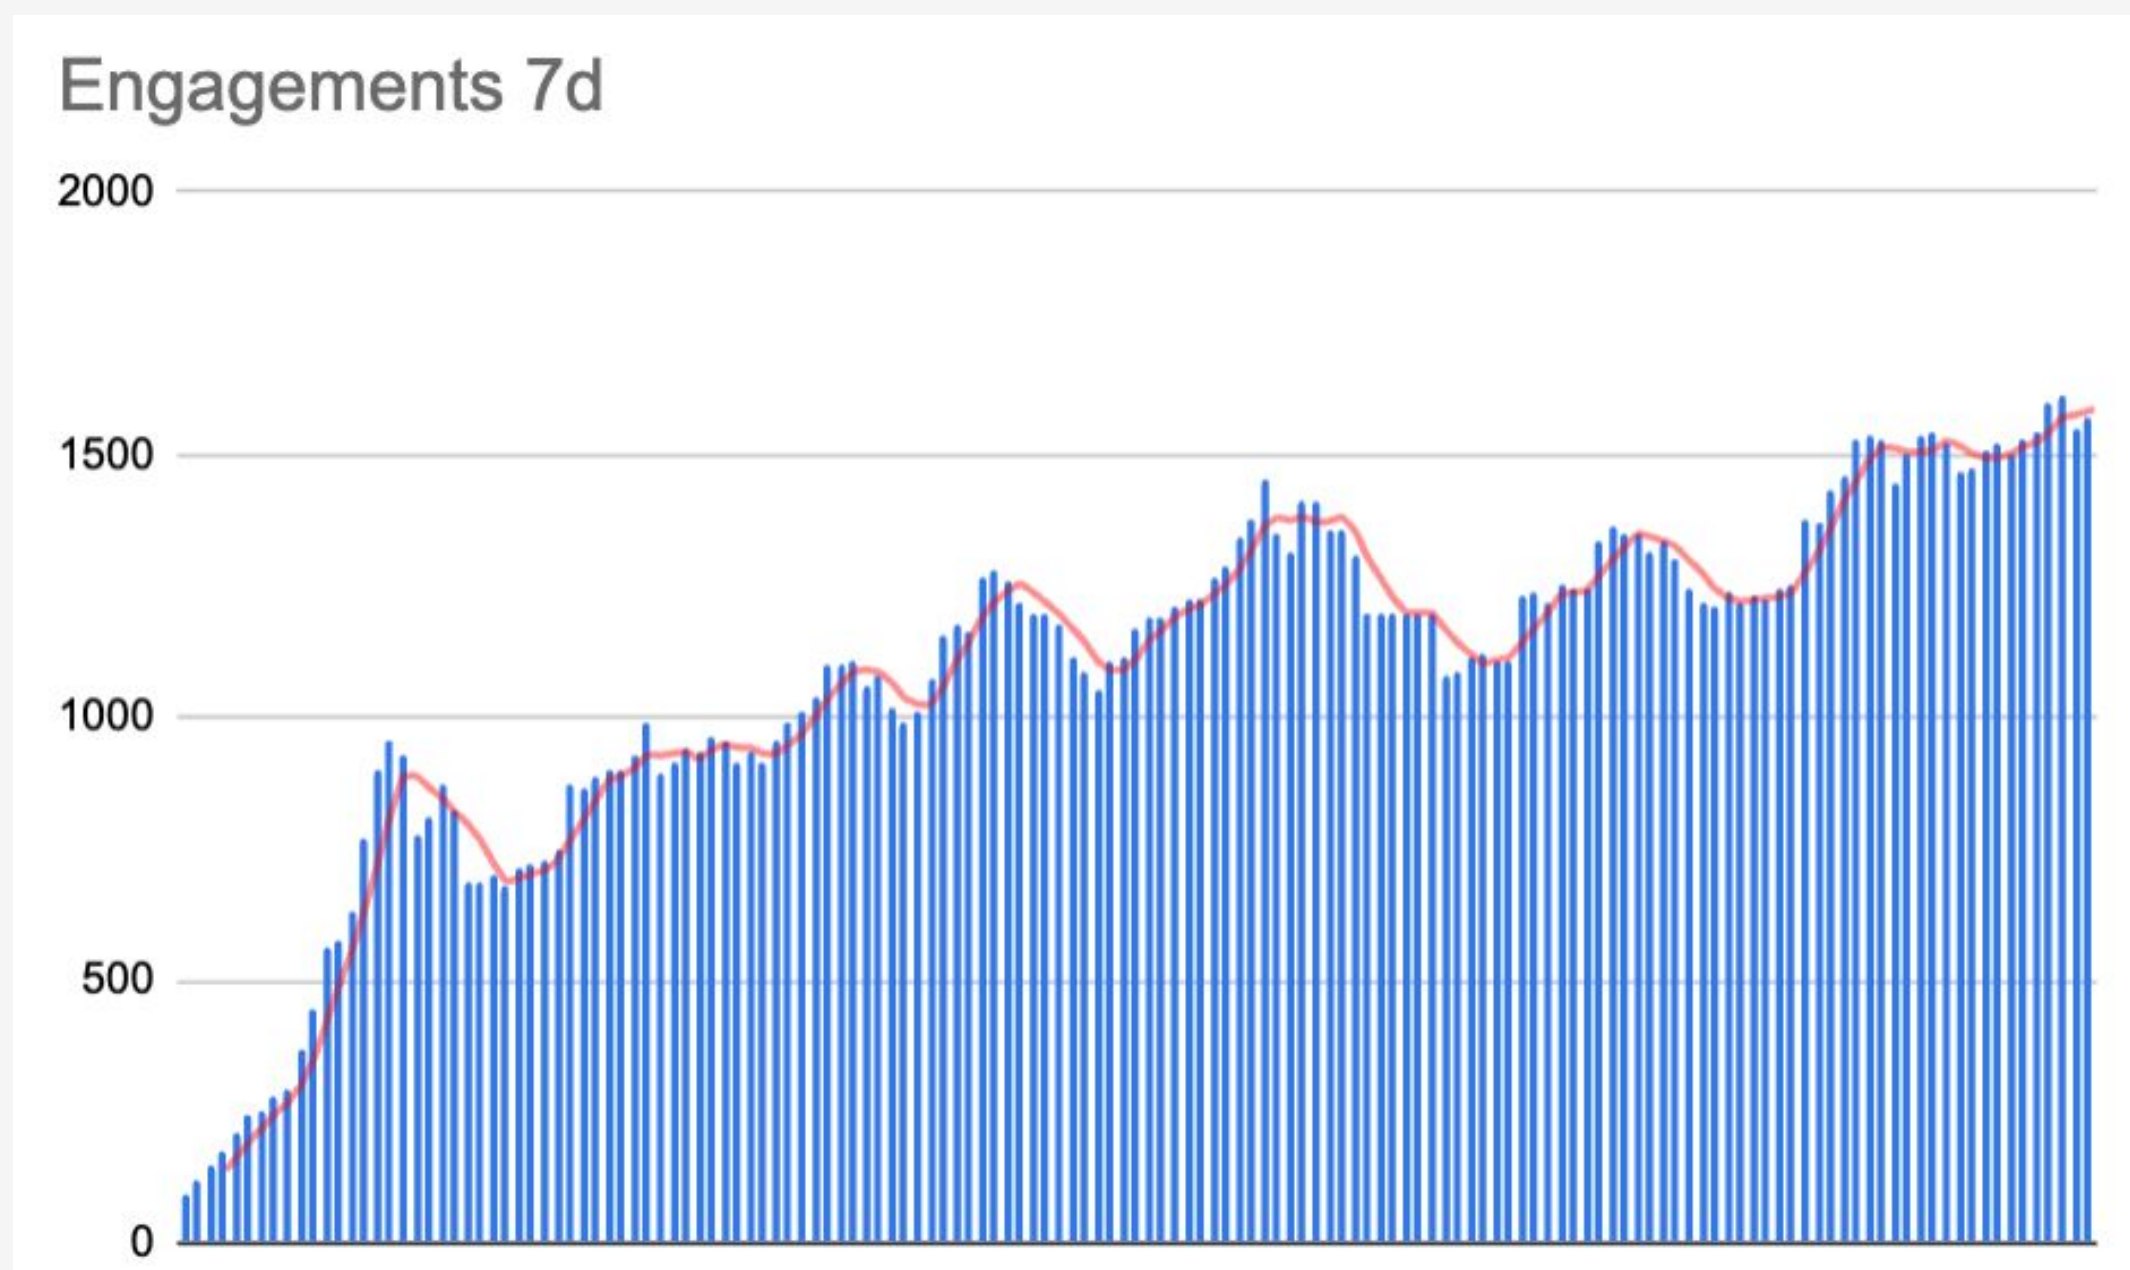

- Impression at average **10035/7d** past 2 months
- An increase of about 8% compared to the month before

# Engagement 7d

## Good growth

→ Likes at average **78/d** past 2 months
