

Insights in 200d LinkedIn

- Own Engagement is key.
It drives the engagement on my content
- Impressions stalled
- Reached new high scores with
214 comments and 156 likes
- 7 posts in my top 10 of all times
are from recent posts!

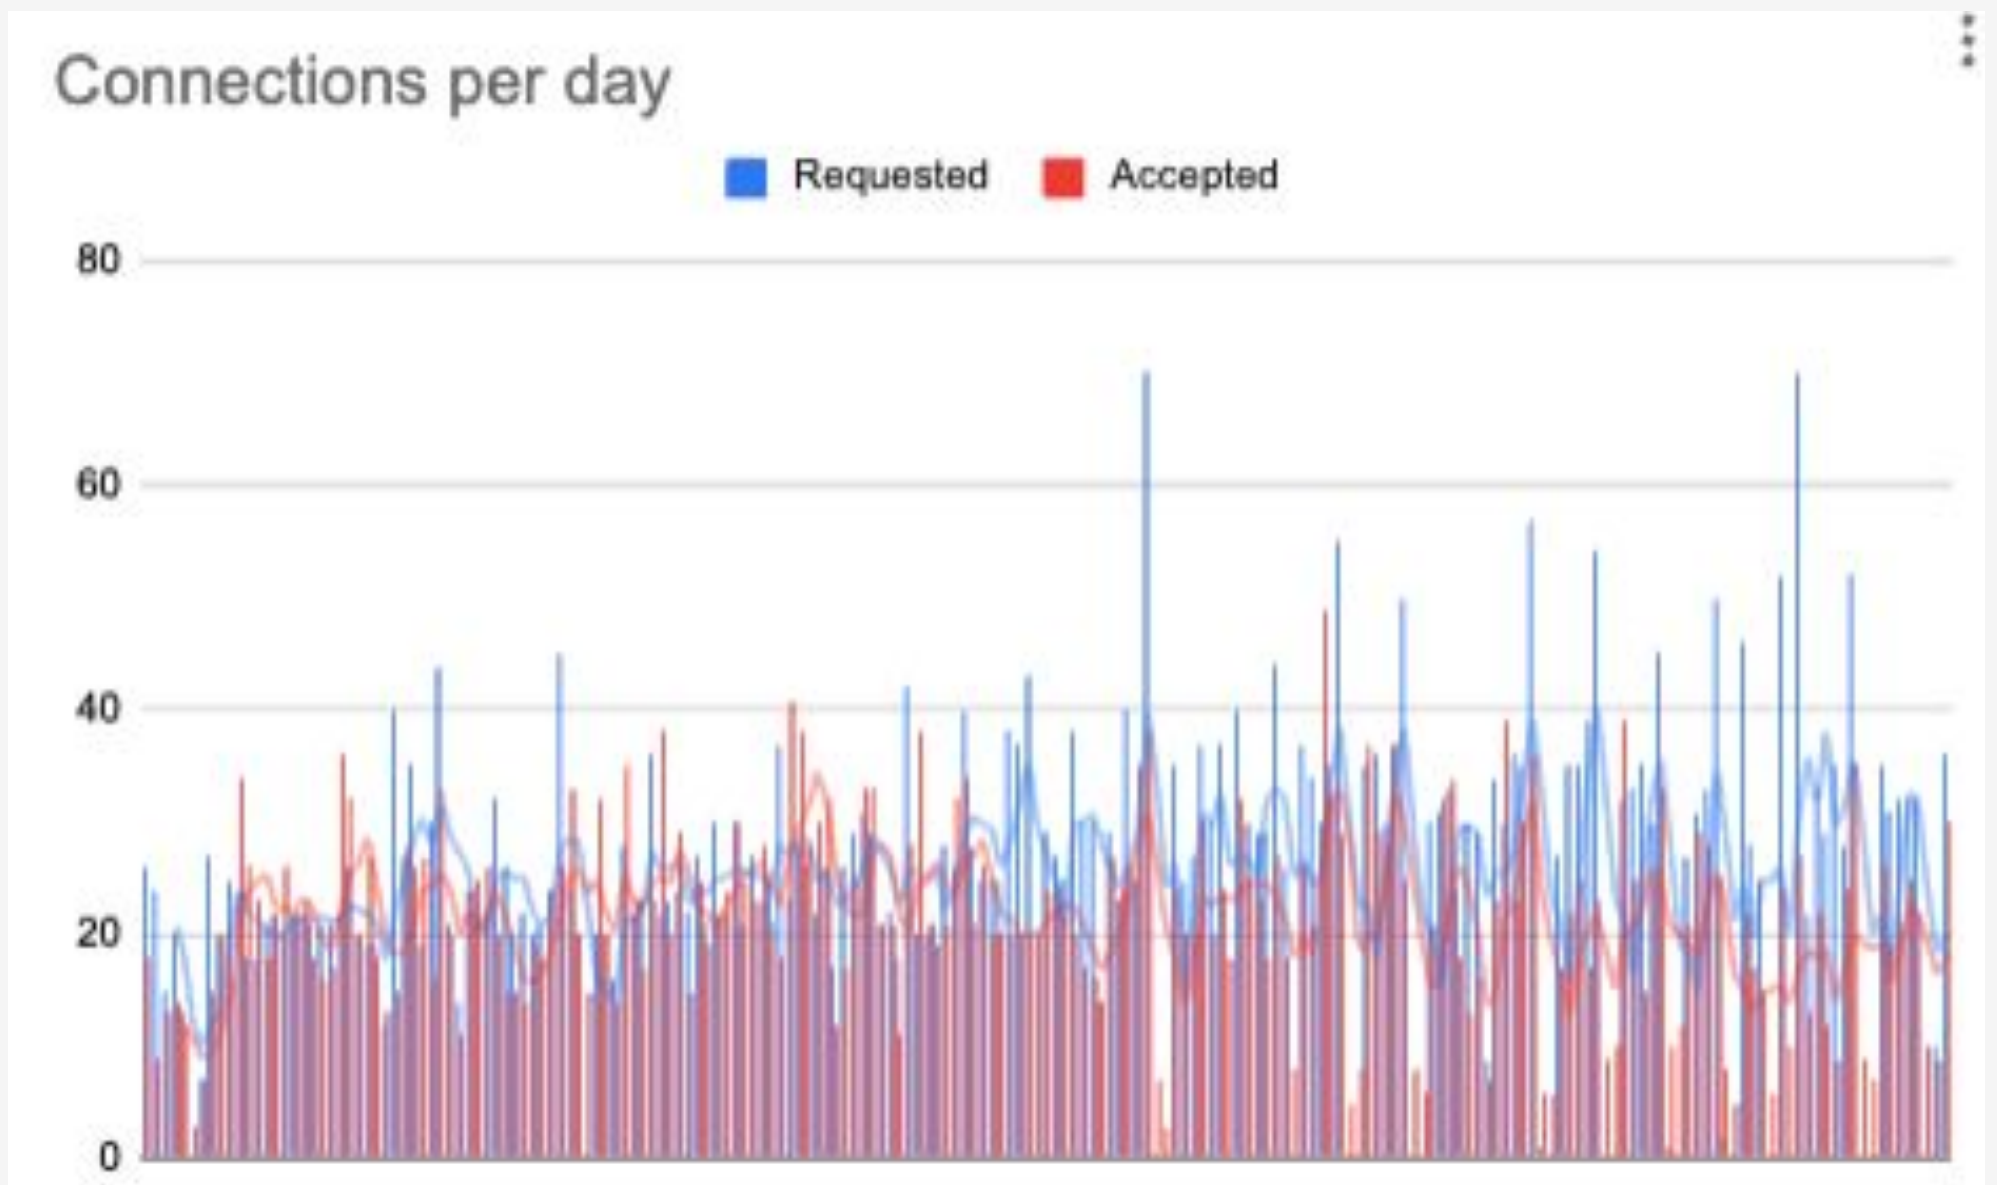

About **24 followers/day**

- I use the **max connections** per week
- For me it as about 180-190 requests
- About **75% accept** a request

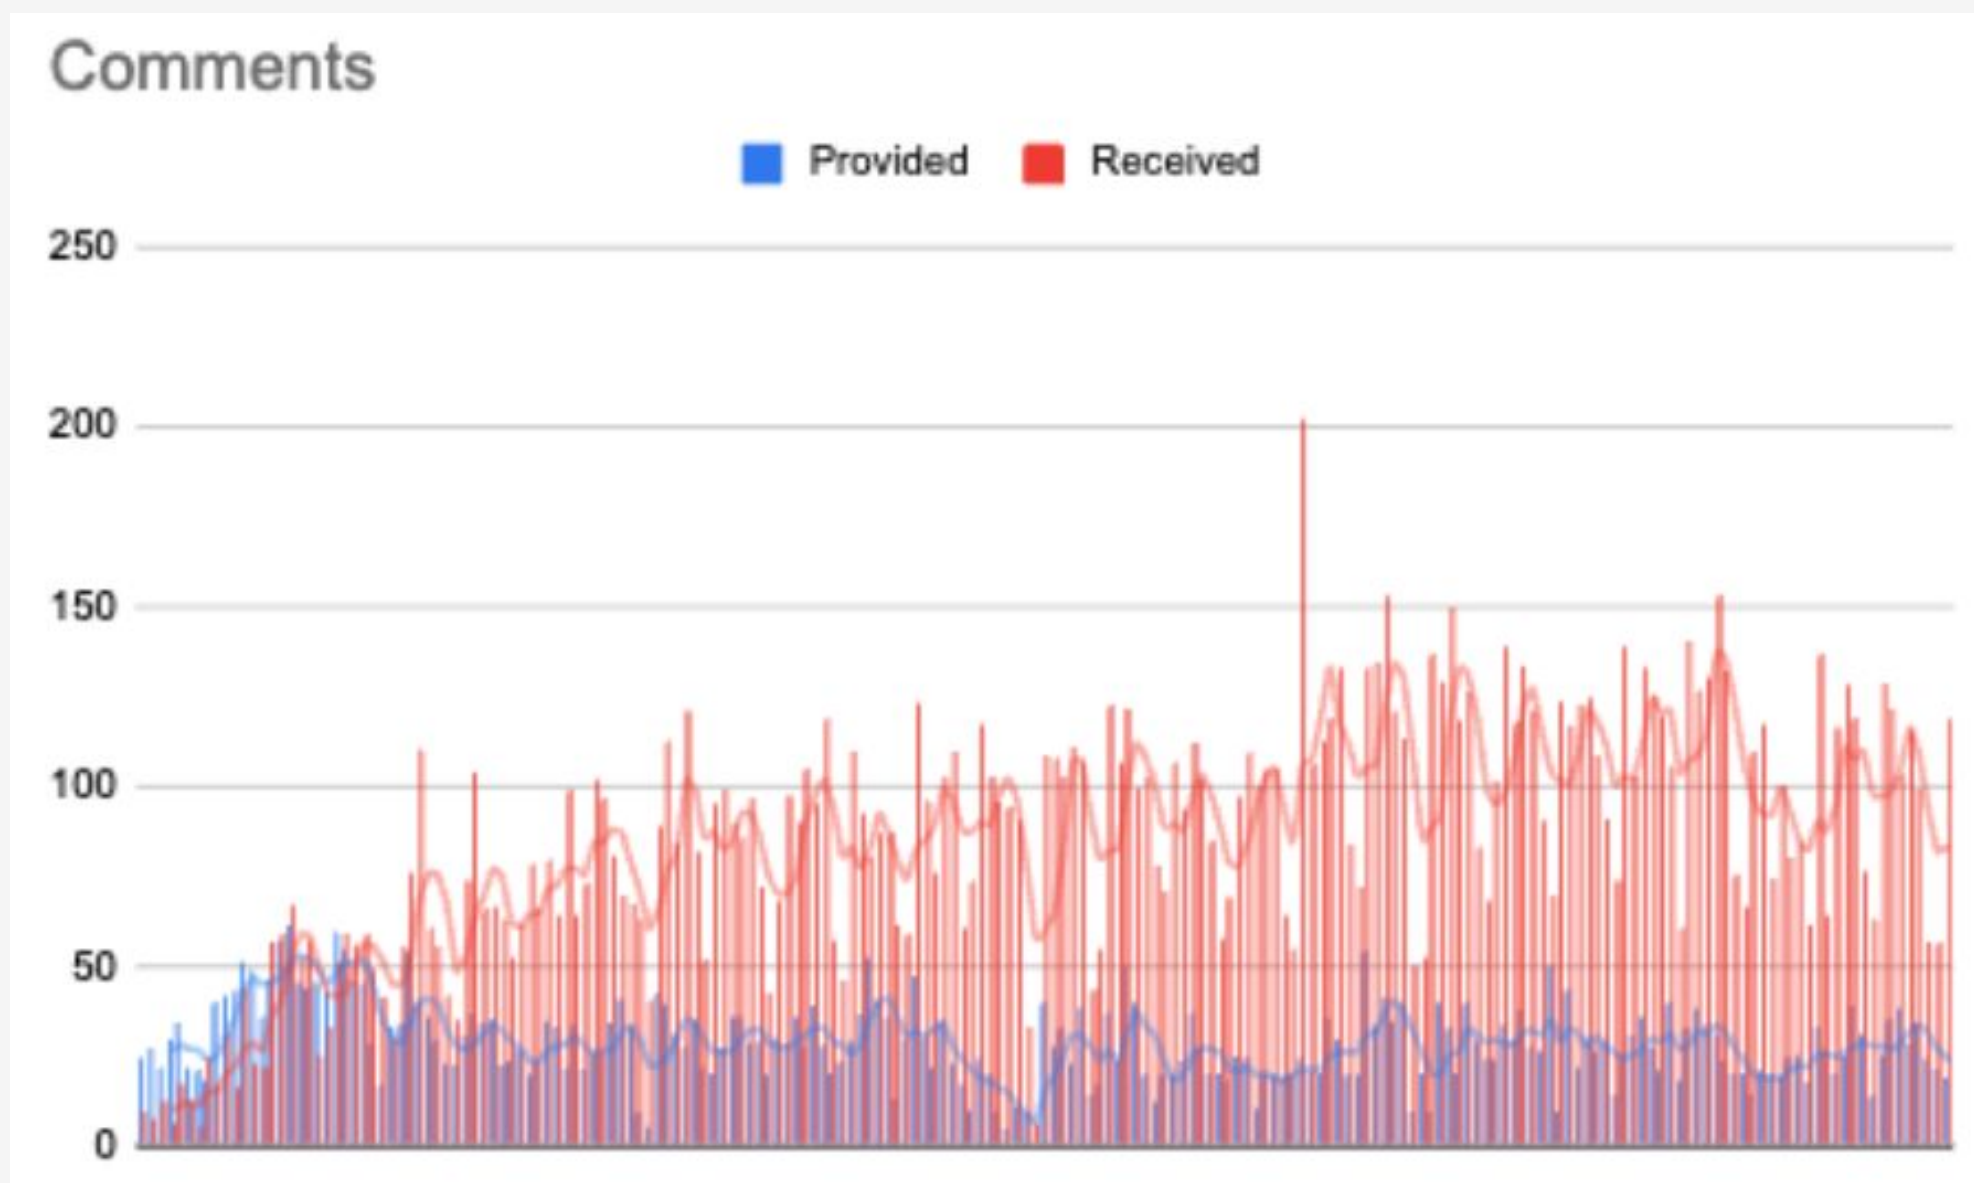

26 Connection requests per day

- Consistency in my requests
- I usually reach the request limit on Friday's

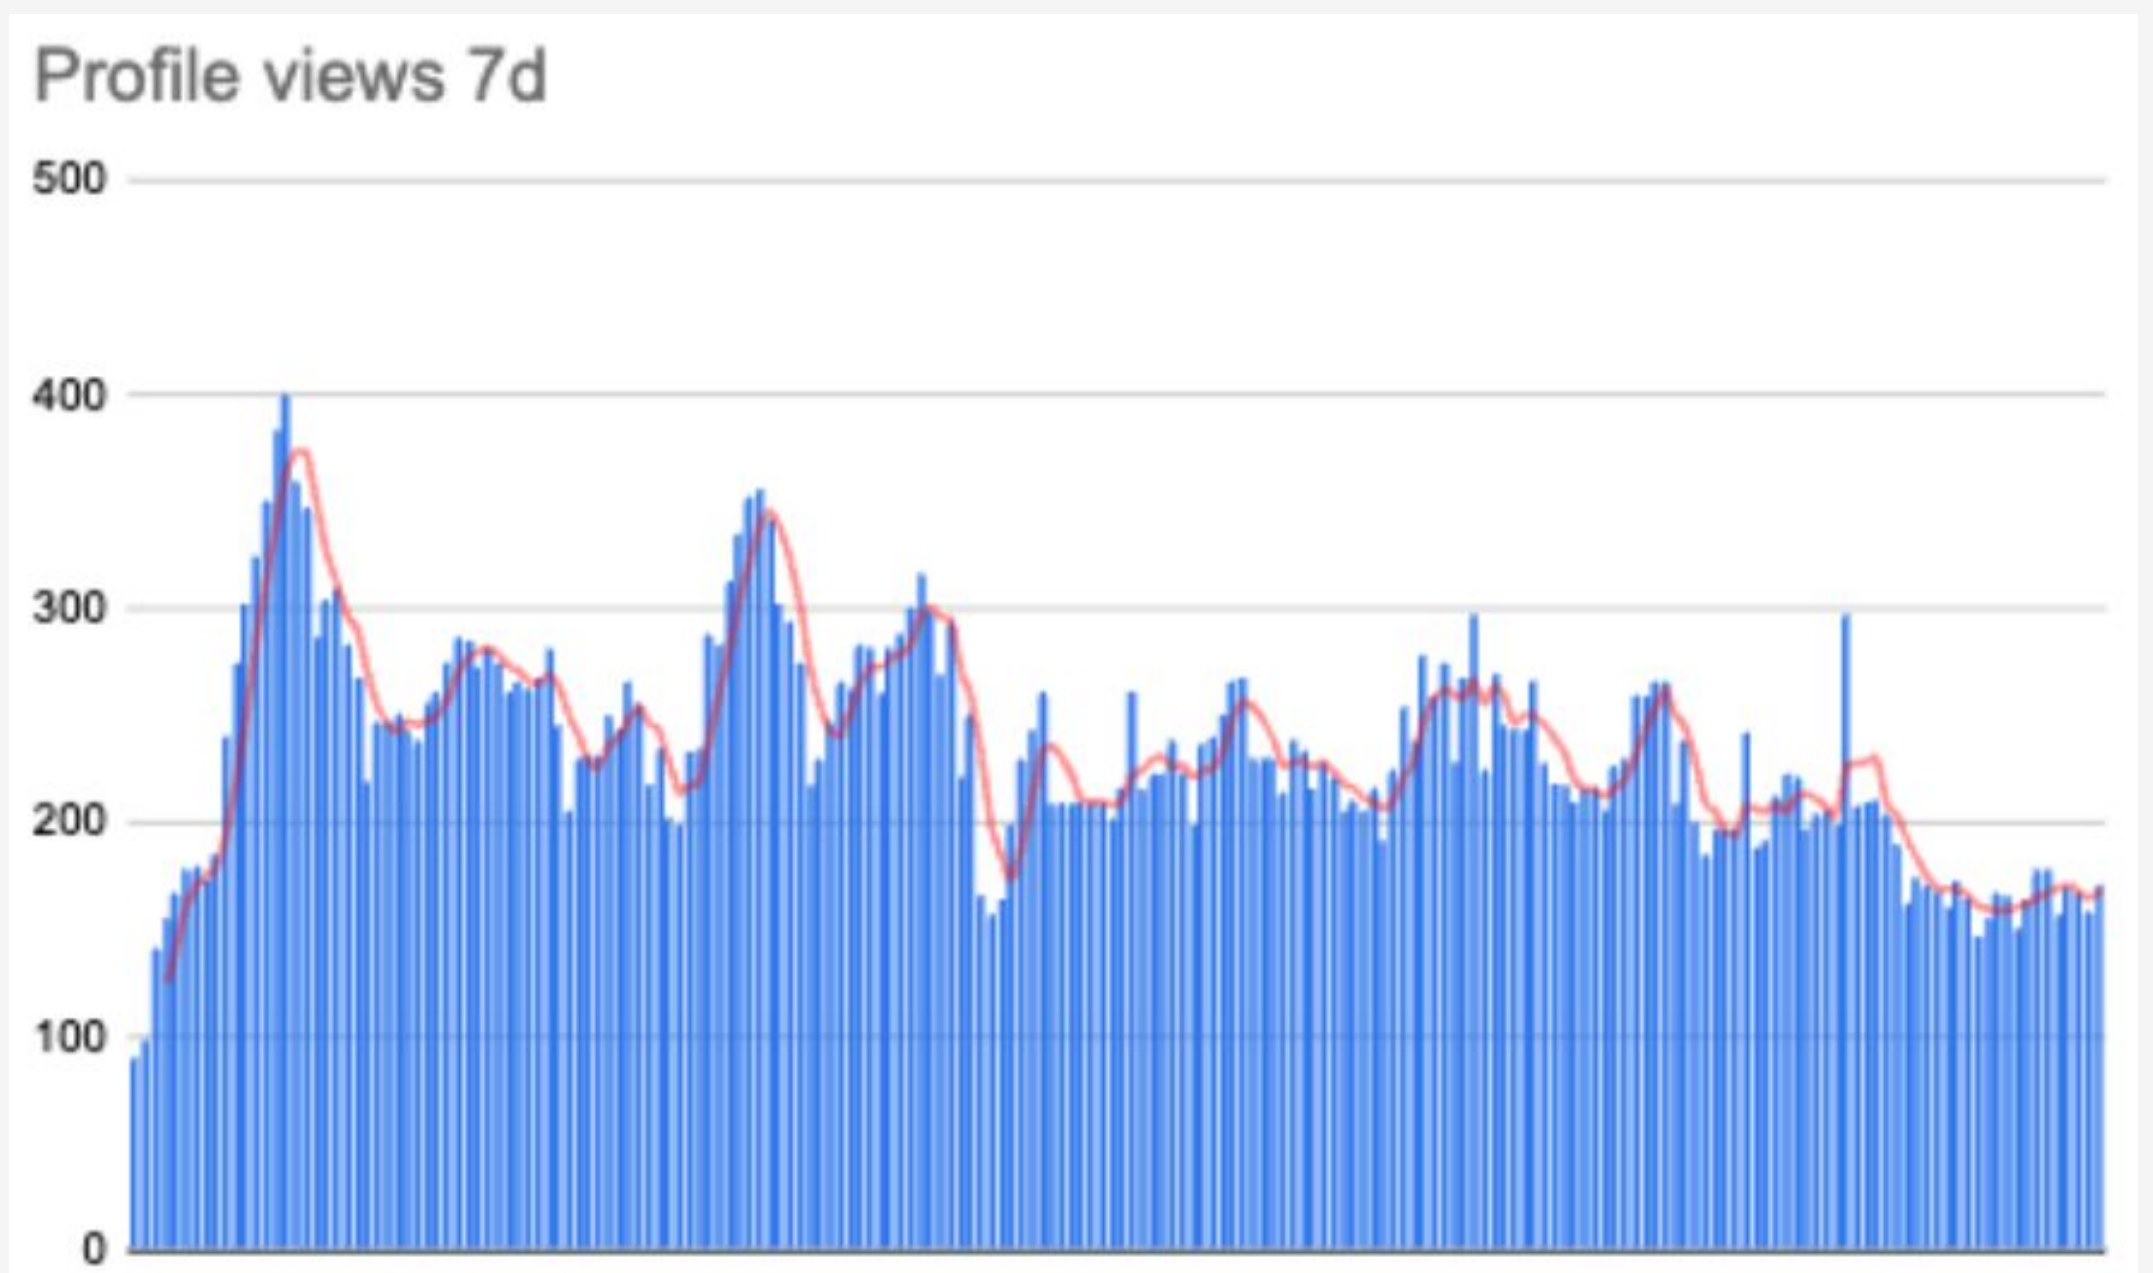

Comments increased to 106/day

- about **2h commenting** each day
- Stabilized but not growing

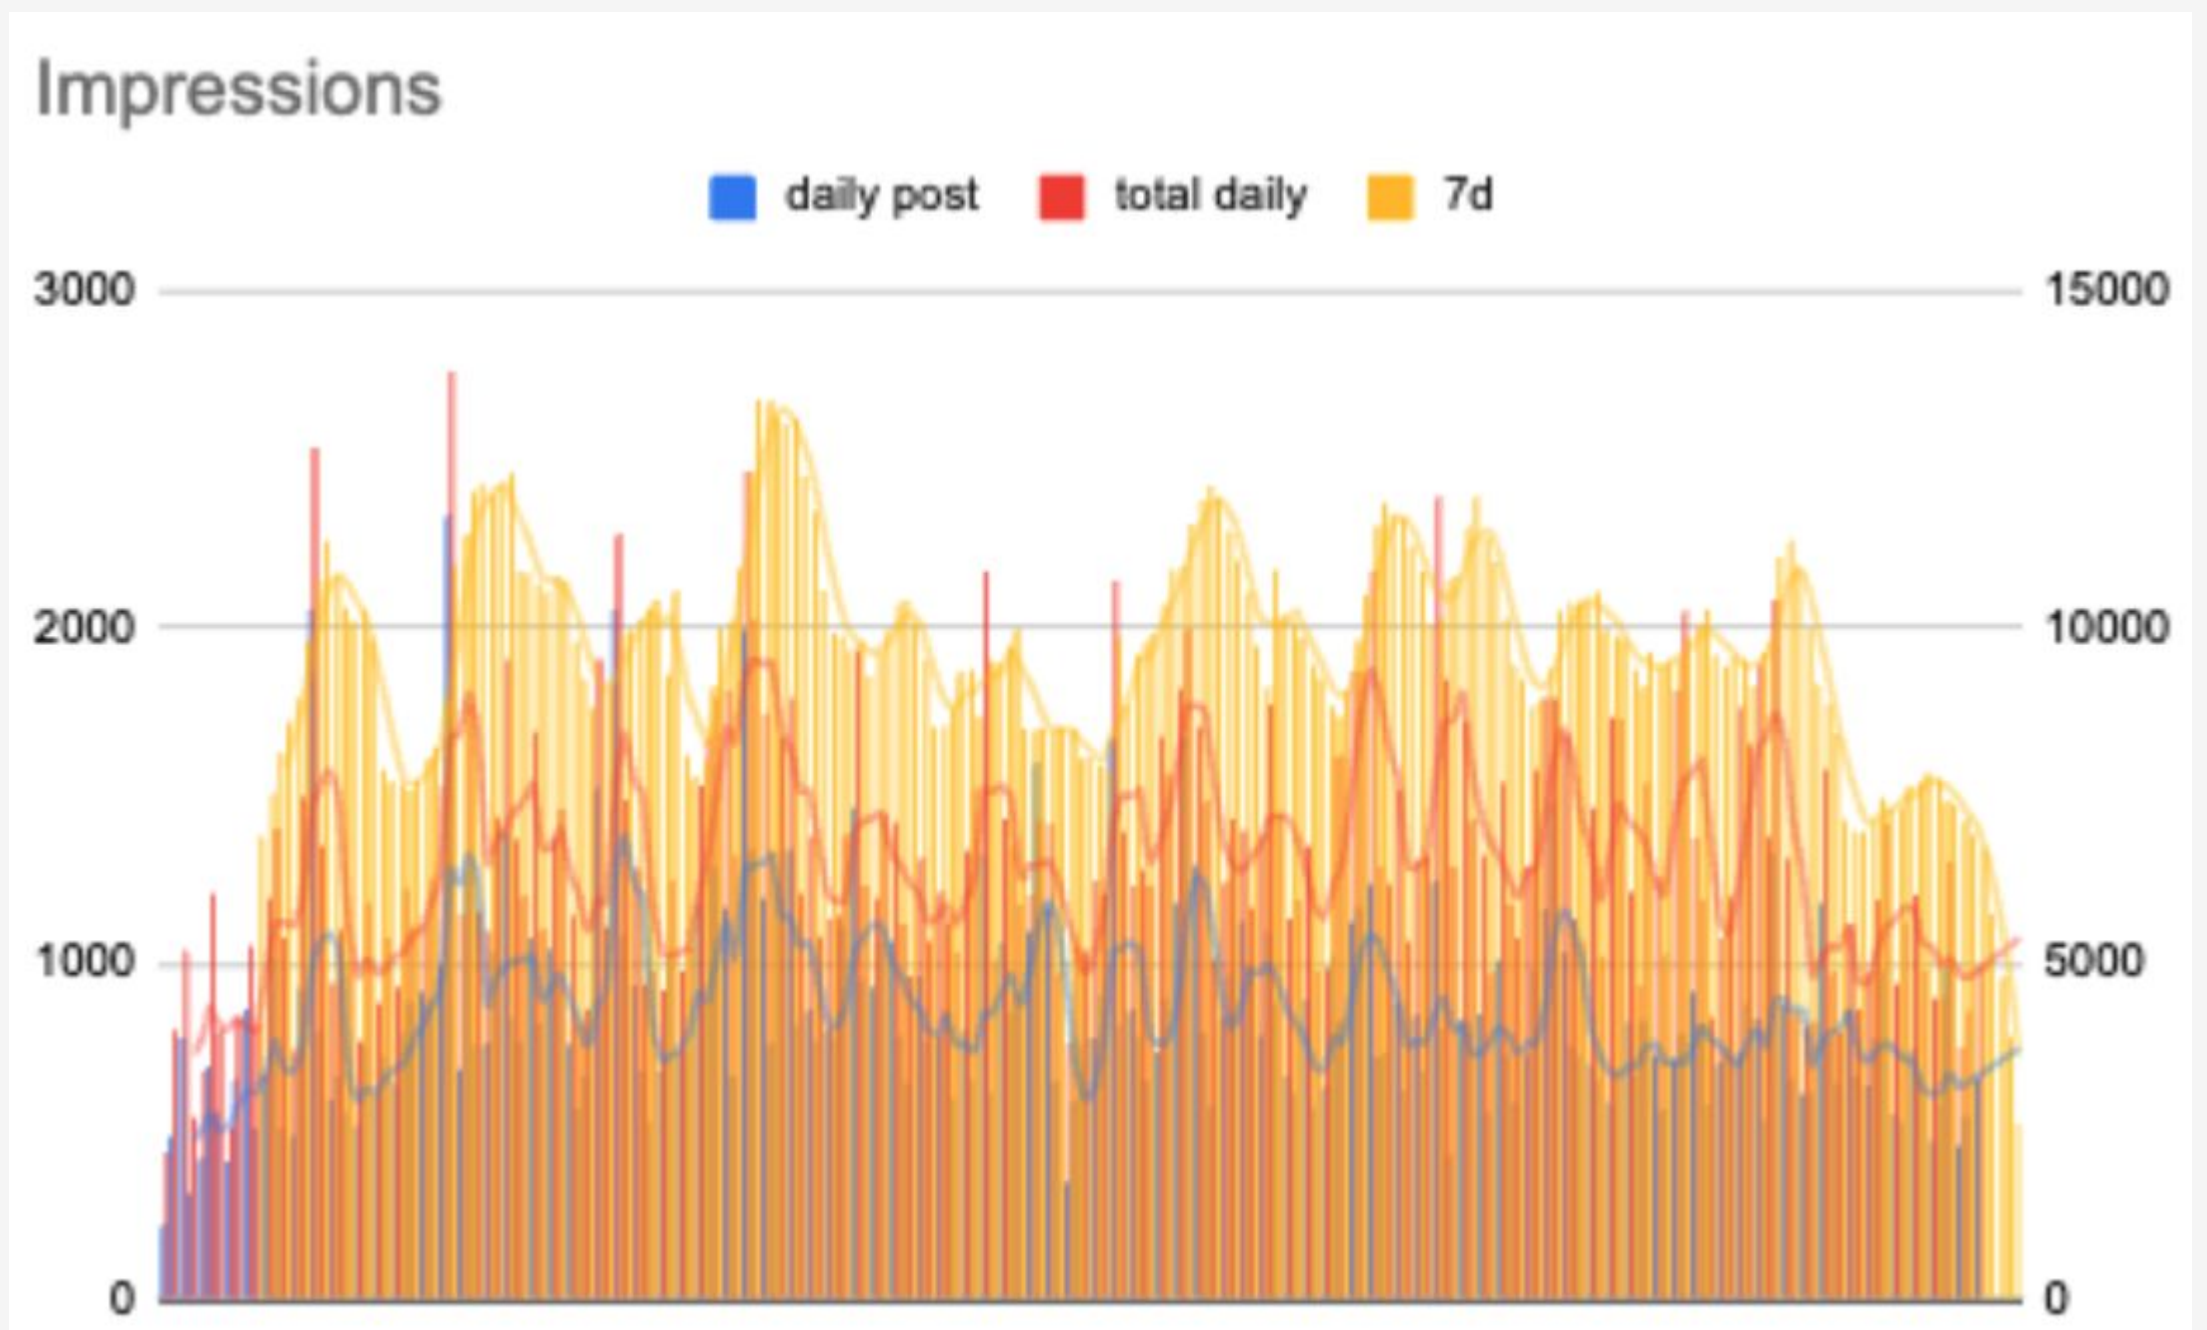

Profile views at 204/7d

- Profile views with a decline
- I do not actively ask for that

Impressions really down.

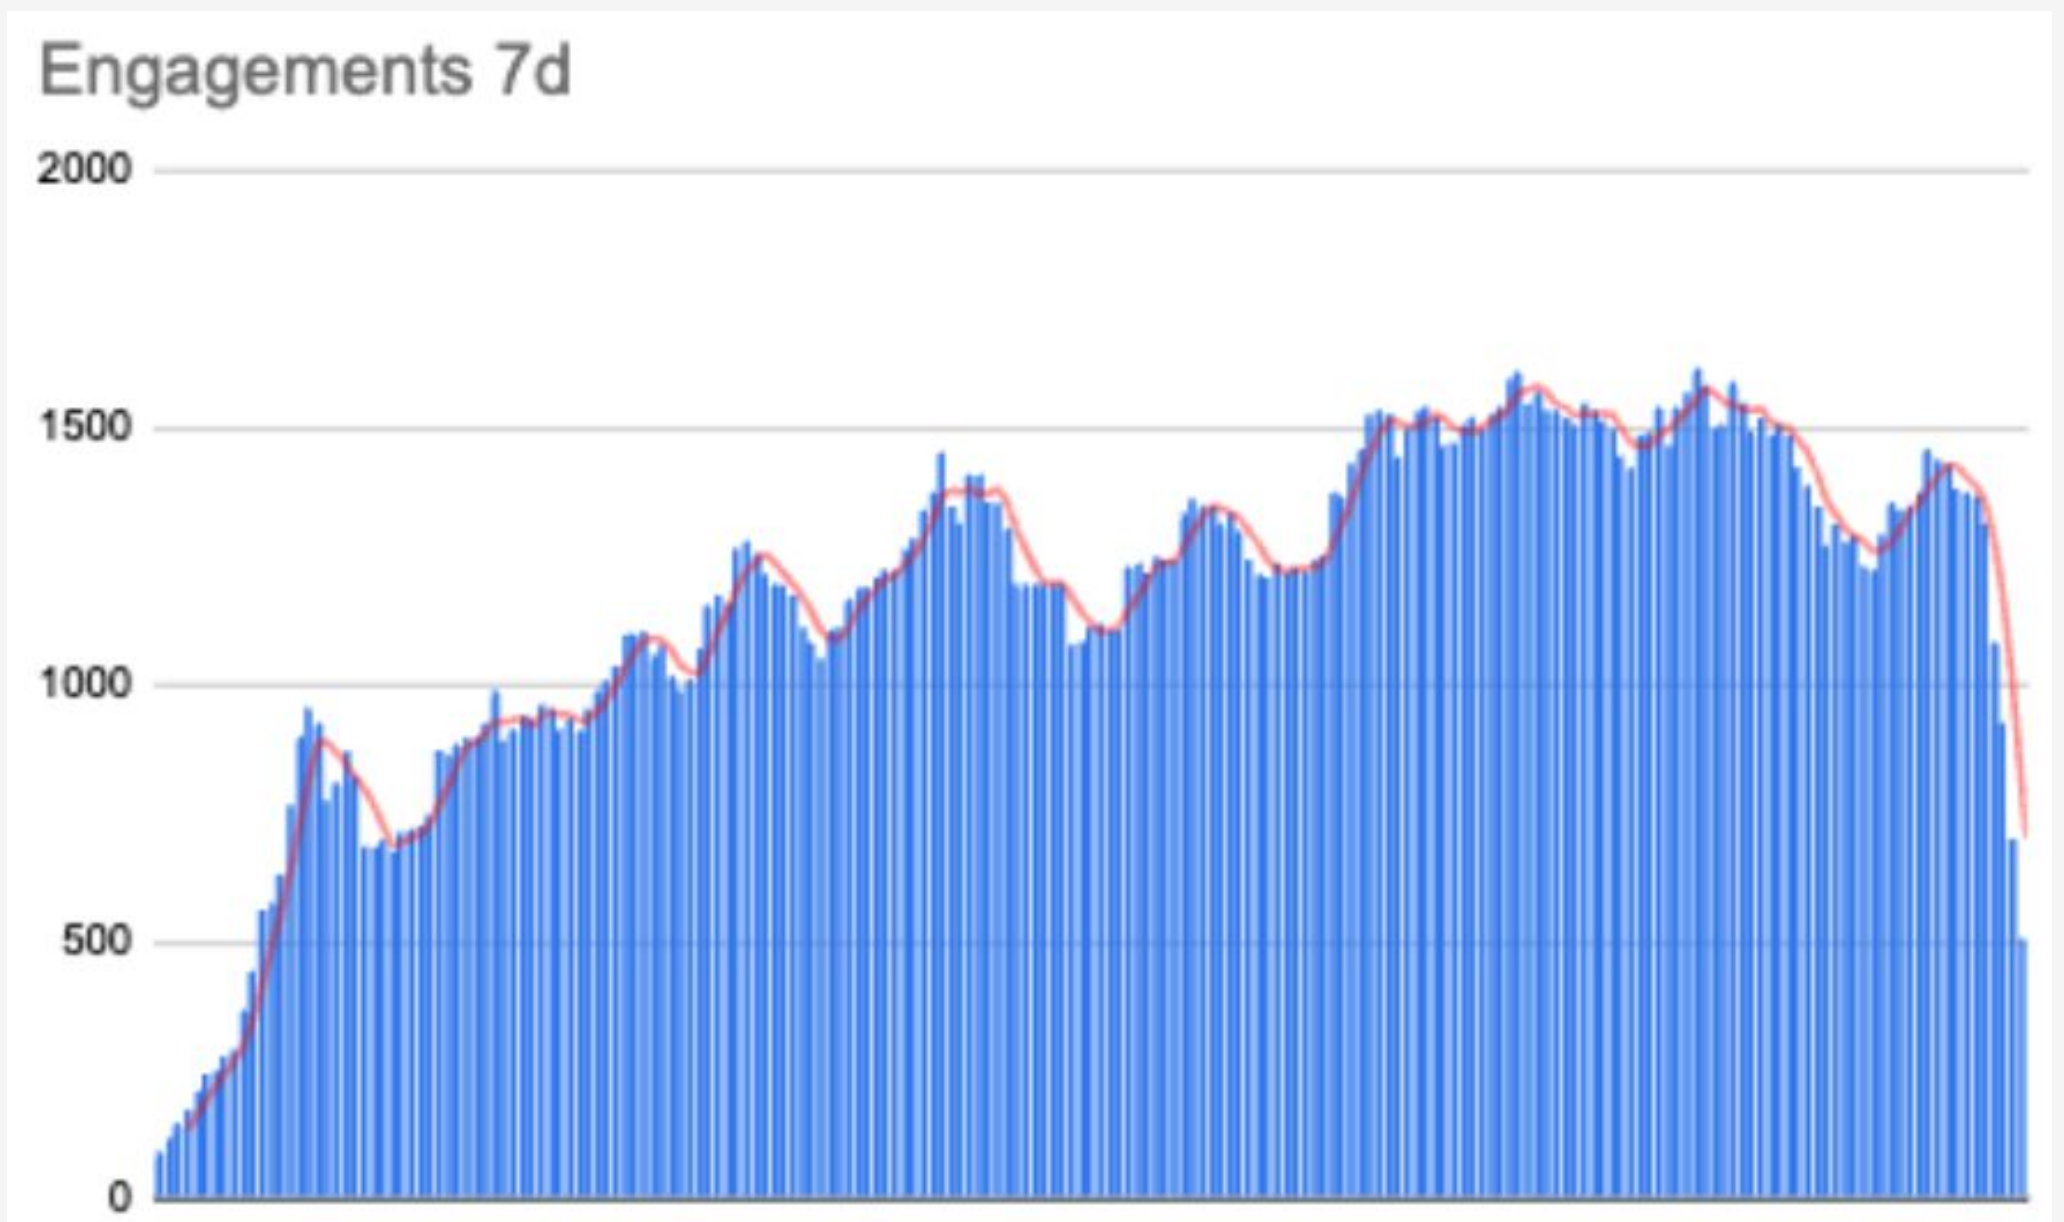

→ Impression at average **9300/7d** past 2 months and **8500/7d** last month

Engagement 7d

Stable

→ Likes at average **88/d** past 2 months
